SCUDERIA ALPHATAURI PARTNERS WITH HIGH-SPEED INTER-DEALER BROKERAGE GMG

Scuderia AlphaTauri is delighted to announce GMG (Dubai) Limited as Official Partner, starting from the 2022 Italian Grand Prix in Monza.

GMG (Dubai) Limited, regulated by the DFSA (Dubai Financial Services Authority) is an Inter-dealer brokerage house established in 2009 in DIFC, the fast-emerging financial epicentre of the Middle East. GMG has grown rapidly over the years through a relentless focus on Options, Futures, Derivatives and Bonds in MENA, GCC and Emerging Markets including Sub-Saharan, North and South Africa, C3 (Czech, Poland & Hungary) and Russia, becoming one of the most respected and distinguished inter-dealer brokerage houses in the region.

“Speed is synonymous with Formula One, and now the sport is moving faster than ever before. The addition of GMG to our partnership network is a logical and natural fit for Scuderia AlphaTauri, as we are both challengers competing on a global stage where the only limiting factor is the pace of innovation,” said Franz Tost, Team Principal of Scuderia AlphaTauri. “We are thrilled to welcome GMG to the team and look forward to a strong cooperation between our organisations.”

Marco Saviozzi, CEO of GMG (Dubai) Limited, remarked: “Three primary characteristics underpin everything we do here at GMG: quality, speed and precision. All three are as important in the fast-paced environment in which we work as they are in Formula 1, where split-second decisions and flawless execution are crucial in determining the final result. The financial markets, like F1, have historically been dominated by a few big teams. GMG prides itself on currently being the Best of the Rest. I believe the absolute desire to attain number one status through drive, determination and sheer force of hard work can put both GMG and Scuderia AlphaTauri in their rightful place - on the top step of the podium. It’s the mutual desire to succeed that I believe will make this partnership a special one.”

About GMG

GMG currently has over 200 institutional clients including banks, broker-dealers, investment banks, trading firms, corporations, and investment firms. GMG is proud of its ability to leverage deep local and international knowledge to seek out maximum value from niche markets for the ultimate purpose of its existence - its client's needs.

With sister companies in London - GMG Brokers Limited, and the Netherlands - GMG Europe B.V., the Group is committed to delivering best practice services to its clients through core values: integrity, independence, dedication, and trust.
